Fingernails

cutting

social story

When

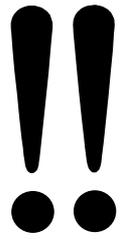

my

fingernails

get

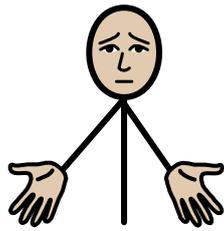

too

long.

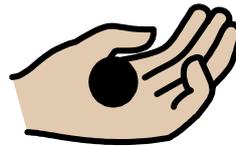

I

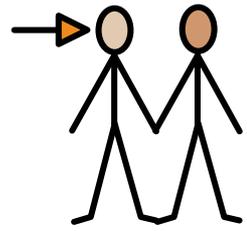

need

to

have

them

cut.

If

my

fingernails

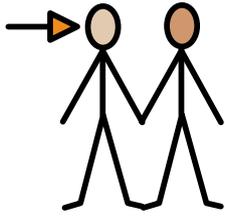

are

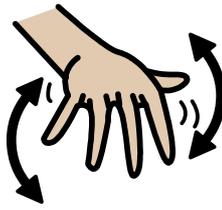

too

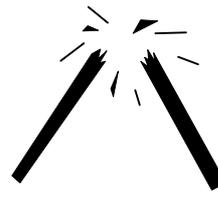

long

they

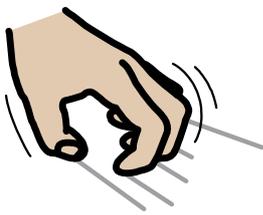

might

break

or

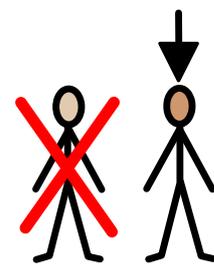

scratch

me

or

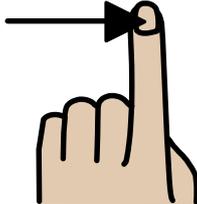

someone else.

When

my

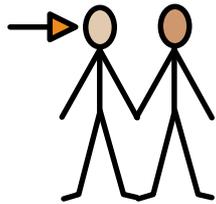

nails

are

cut

they

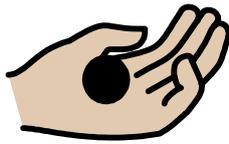

wont be as sharp.

When

I

have

my

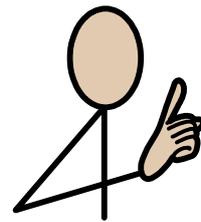

fingernails

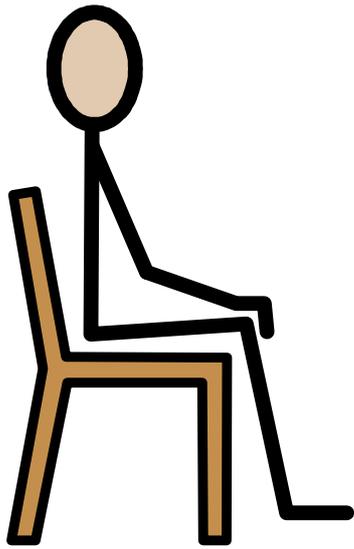

cut

I

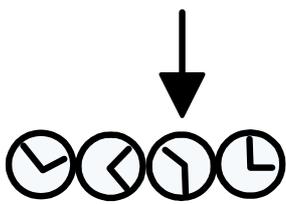

should

sit

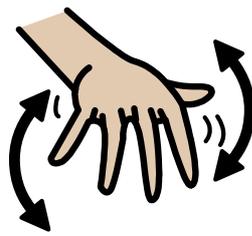

still.

Sometimes

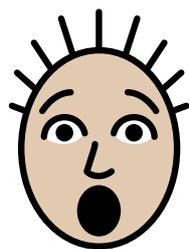

I

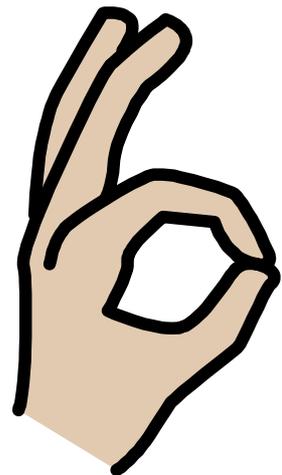

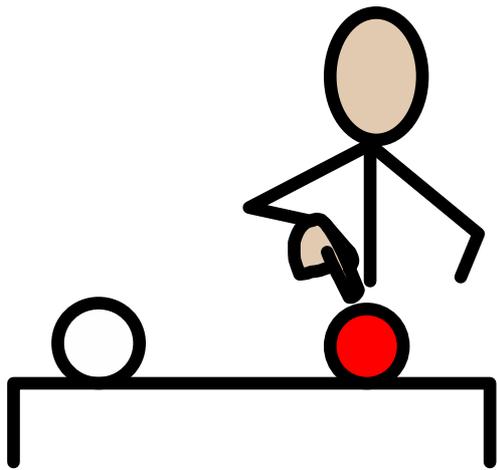

might

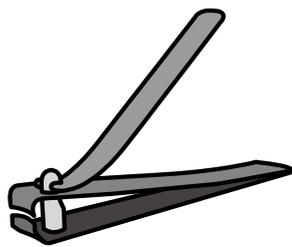

get

scared.

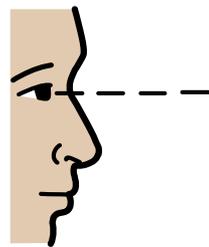

This is okay.

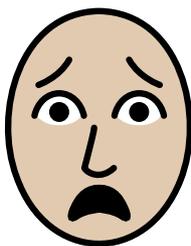

The nail clippers

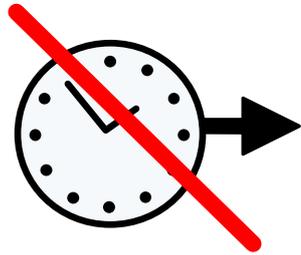

can

look

scary

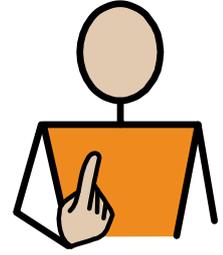

but it

will not

hurt

me.

When

my

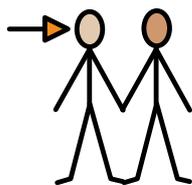

fingernails

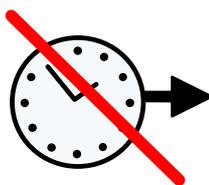

are

cut

they

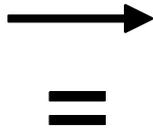

won't

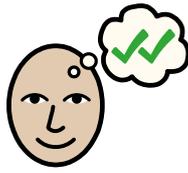

be as sharp.

I

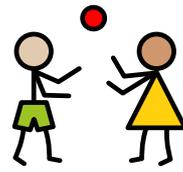

will be

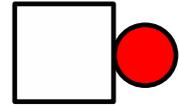

able

to

play

after

having

my

fingernails

cut.
