5th February 2026

Dear Parents and Carers,

Following the update shared by our Chief Executive yesterday, I am writing to provide you with the latest information regarding the ongoing repairs affecting Leycroft Academy.

Despite today's poor weather conditions slowing progress slightly, I have been informed that contractors have continued to make steady headway. The team remains confident that the essential works are still on schedule to be completed tomorrow.

I also want to offer reassurance about the location of the engineering work. The repairs relate to an external power cable that serves Leycroft Academy, and the damaged section is situated on the Tile Cross Academy site, within their staff car park. For this reason, the contractors are working from that location rather than directly around the Leycroft building.

Once the replacement cable is fully installed, the required safety checks and testing will take place before we are able to reconnect systems and welcome pupils back. As soon as we receive final confirmation from engineers, we will communicate this immediately.

We fully understand how challenging this situation has been for our families, especially given the disruption to routines. Thank you once again for your patience, understanding and support as we work through this unexpected and complex issue.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'P Jones'.

Mr P Jones  
Headteacher
